

PROGRAM OF A CONFERENCE

1ST DAY

12.30-13.00 Coffee break

13.00-14.20 CONFERENCE PROGRAM

CONFERENCE HALLS

**SESSION #1.1 OIL AND GAS
PRODUCTION AND TRANSPORTATION**

Jupiter hall

13.00-13.30 Flexible reinforced pipelines.
*Vadim Serov, INTRATOOL
Engineering company, Russia*

13.30-14.00 Alternative methods of oil
preparation (Underground
preparation complex,
Accelerated phase
separator).
*Ivan Grekhov, Gazpromneft
STC, Russia*

14.00-14.20 Topic tbc
DrM, Switzerland

**SESSION #1.4 OIL REFINERY.
PETROCHEMISTRY AND GAS
PROCESSING**

Mars hall

13.00-13.20 Development and
organization of repair
infrastructure for energy
facilities.

*Lyudmila Shvaibovich,
INTRATOOL Engineering
company, Russia*

13.20-13.40 Mobile and stationary
complexes for cleaning heat
exchange equipment.

*INTRATOOL Engineering
company, Russia*

13.40-14.00 Optimization process of
refinery and petrochemical
complex.

Neste

14.00-14.20 Effective diagnostic and
maintenance methods for
shut-off and control valves
and safety valves.
Ivan Voronin, Revalve, Russia

**SESSION #1.3 MINING PROCESSING
PLANTS AND MINING METALLURGIC
COMPLEXES**

Neptun hall

13.00-13.20 Refractory materials and
coating.
*MAVR, SPCC/INTRATOOL
Engineering company, Russia*

13.20-13.40 Thermal spraying: wear-
resistant and anticorrosion
coating.
*Vladislav Dubensky,
INTRATOOL Engineering
company, Russia*

13.40-14.00 Protective polymer fencing.
*Anvar Bakhitov, Engineering
company INTRATOOL, Russia*

14.00-14.20 Wear resistant polymer
pipelines.
*Maksim Kolesov,
POLYPLASTIC, Russia*

14.20-15.20 Lunch

15.20-17.20 CONFERENCE PROGRAM

CONFERENCE HALLS

**СЕССИЯ #1.1 ДОБЫЧА И
ТРАНСПОРТИРОВКА НЕФТИ И ГАЗА**

зал Юпитер

15.20-15.40 Technological development in
the direction of capital
construction.
*Anton Smirnov, Gazpromneft
STC, Russia*

15.40-16.10 Loading/unload solutions.
*INTRATOOL Engineering
company, Russia*

**SESSION #1.4 OIL REFINERY.
PETROCHEMISTRY AND GAS
PROCESSING**

Mars hall

15.20-15.40 In-furnance monitoring
systems.
*Alexander Veresov,
Engineering company
INTRATOOL, Russia*

15.40-16.00 Digital refineries.
speaker tbc

16.00-16.20 Design and construction of

**SESSION #1.5 CHEMISTRY.
PRODUCTION OF MINERAL
FERTILIZERS**

Neptun hall

15.20-15.40 New construction or
modernization of Mechanical
repair shop: where to begin?
*Anton Lyapinskiy, INTRATOOL
Engineering company, Russia*

15.40-16.00 Simulation as a tool for the
management of repair
production.
INTRATOOL Engineering

ARTPLAY PLATFORM

St. Petersburg,
Krasnogvardeyskaya Square, 3

CONFERENCE OPERATOR Market Skipper

e-mail: event@m-skipper.ru
phone: +7(812) 331 44 20

16.10-16.30	Polymer mobile pavements reusable. <i>Dmitry Titov, Polimerteh, Russia</i>		petroleum-storage depots. <i>Aveva/Schnieder Electric</i>		<i>company, Russia</i>
		16.20-16.40	Solutions for loading/unloading in the railway, car and sea transport. <i>Alexey Tuchkov, INTRATOOL Engineering company, Russia</i>	16.00-16.20	Efficient solutions for dust-free loading of bulk materials. <i>Dmitry Ivanov, SovPlym, Russia</i>
16.30-16.50	Topic tbc <i>GAZPROM NEFT</i>			16.20-16.40	Dome-shaped warehouses for mineral fertilizers. <i>Alexey Fedorov, INTRATOOL Engineering company, Russia</i>
16.50-17.10	Topic tbc <i>GAZPROM NEFT</i>	16.40-17.00	Energy recovery from products of combustion fumes. <i>Mikhail Babkin, Cool Sorption, Denmark</i>	16.40-17.00	Pyrolysis furnace monitoring system. <i>Aleksander Veresov, INTRATOOL Engineering company, Russia</i>
17.10-17.30	Developments for oil and gas transportation and production. <i>INTRATOOL Engineering company, Russia</i>	17.00-17.20	UAV counteraction systems. <i>speaker tbc</i>	17.00-17.20	topic and speaker tbc

17.30-18.30 WORKSHOPS AND DEMONSTRATION OF EQUIPMENT

DEMO-ZONE
